

## Appointments

**Olivier Sala** is appointed **Managing Director ENGIE Digital** as of 1<sup>st</sup> August 2018. He will report to Yves Le Gélard, Executive Vice President of ENGIE, Chief Digital Officer, in charge of Group Information Systems.

With a Master of Engineering from Université de Technologie de Compiègne and an MBA from ESSEC Business School, Olivier Sala began his career at Air Liquide before going into consulting, first at AT Kearney and then at the Boston Consulting Group, where he spent five years working in strategy, organisation and operational efficiency.

In 2005, he joined ENGIE Group to develop Gaz de France's Marketing Department in the wake of the deregulation of the French energy market. In 2008, he was appointed Head of Sales & Marketing France for BtoC customers, in charge of sales, marketing and communication for the new entity.

He joined Gaz Electricité de Grenoble as CEO in 2011. He was also president of the trade union Entreprises Locales d'Énergie (local energy companies) and vice president of the French electricity union UFE.

In April 2015, Olivier Sala was appointed CEO of ENGIE IT.

**Matthieu Pestel** succeeds **Olivier Sala** as CEO of **ENGIE IT within Global Business Support** starting on the 19th of July 2018.

After graduating from Télécom ParisTech in 1997, Matthieu Pestel worked as a consultant for Eurogroup Consulting on many complex transformation projects in the industry and service sectors. In 2006, he moved to Morocco to develop new businesses and manage projects. Upon his return to France late 2008, he specialised in IT governance, managing projects for major Groups (Société Générale, Safran and RATP).

In June 2011, he joined GDF SUEZ as Deputy General Secretary of the Group IT Department in charge of managing performance and transformation activities. In July 2013, he was named Head of IS Functional Line Oversight and Governance at the Corporate IT

Department in charge of Group IT policies, IT Project assurance, IT risks management and Performance plan.

Since January 1<sup>st</sup> 2016, Matthieu Pestel has been Deputy Group CIO in charge of Digital & IT Governance at ENGIE.

### **About ENGIE**

We are a global energy and services group with three core businesses: low-carbon power generation, including natural gas and renewable energy, energy infrastructure and customer solutions. Driven by our ambition to contribute to a harmonious progress, we take up major global challenges such as the fight against global warming, access to energy for all, or mobility, and offer our private customers, businesses and communities energy production solutions and services that reconcile individual interests and collective challenges.

Low in carbon, our integrated, high-performance and sustainable offers are based on digital technologies. Beyond energy, they facilitate the development of new uses and promote new ways of life and work.

Our ambition is every day carried by each of our 150,000 employees in 70 countries. Together with our customers and partners, they are a community of imaginative builders who imagine and build solutions for the future.

2017 turnover: 65 billion euros.
